FINAL CRITS ARE HERE!

And so we come to the end of the Spring 2026 semester. How did that happen so fast? Final Crits took place at our Gatta Studio with students presenting individually on their projects set within the Parco degli Acquadotti. Students were assigned to develop a multi-purpose building that embraced the historical landscape of the archeological site. Congratulations to everyone on a job well done!

Pizza on the Rooftop!

As part of our Nutrition course, there are several practical cooking classes, including a pizza making tutorial! We fire the pizza's in our very own wood-burning oven, located on our rooftop terrace right in front of Largo Argentina. Nothing better than a freshly cooked pizza margherita out in the spring Italian sunshine. Buon appetito!

Attending the Lazio vs. Udinese Soccer Game

As part of our extra-curricular programming, we took students to watch home-team Lazio play Udinese in a Seria A soccer game. And Lazio won! Forza Azzurri! What a fun way to get into the Roman spirit!
